EMPS NEWSLETTER FIRST EDITION 2026

Our Vision!

We strive to enable the custodians of tomorrow to develop curiosity, imagination and creativity and become global citizens for their generation.

Our Mission!

To provide education that creates value through an odyssey of exploration while enjoying the process of learning.

Our Purpose!

To provide a holistic environment that nurtures each child during academics, physical development, emotional development, self-care and social responsibility.

Our Philosophy!

Our emphasis is towards helping children to understand and build upon their own strengths and become self-reliant individuals. We believe that wisdom comes from a grounding in sound values, ethics and the ability to apply knowledge appropriately. We encourage children to think out of the box as we want to raise innovators and inventors with a strong value system instilled in each child.

From The Co-Founders' Desk

Namaskar to my EMPS family!

We believe that early years education shapes children's success! At Enriching Minds Preschool, our mission is to nurture a love of learning through play-based exploration and a supportive environment, where every day is an adventure in growth and discovery! At Enriching Minds Preschool, we believe that children learn best when they're having fun.

Our unique curriculum blends creativity, inclusivity, and respect, ensuring our children get the best start in life, but what truly sets us apart? It's our strong focus on parent partnerships. We know that when parents and teachers work together, children thrive. That's why we keep communication open and collaborate closely with you to support your child's journey.

We are happy to share the first edition of our Quarterly Newsletter! This special edition is designed to share all the wonderful activities and experiences our little learners have enjoyed throughout. From creative arts and crafts to joyful playtime adventures and educational milestones, our newsletter offers a glimpse into the vibrant world we've created together.

I'm excited to reflect on these moments and celebrate the growth and development of our preschool community. We hope you enjoy these snapshots of the events and look forward to many more amazing memories ahead!

**With Gratitude,
Silky Maringanti
Cofounder and Director
Enriching Minds Preschool**

Dear Enriching Minds Preschool Families,

As we celebrated the end of another fantastic year, I am filled with gratitude for the growth, laughter, and learning that have taken place at Enriching Minds Preschool. It has been a joy to watch our children explore, create, and develop skills that will serve as the foundation for their lifelong learning journey.

This year, our students have embraced new challenges, built friendships, and experienced the wonders of hands-on learning. From storytelling and sensory play to STEAM activities and outdoor adventures, every moment has contributed to their curiosity and confidence. Their enthusiasm and eagerness to learn inspire us every day.

I want to extend my heartfelt appreciation to our incredible teachers and staff, whose dedication and care make Enriching Minds Preschool such a warm and nurturing place. To our amazing families, thank you for your support, trust, and active involvement in your child's early education. Your partnership is invaluable to us.

As we look ahead to another exciting year, we celebrate the beautiful memories made and the milestones achieved. Wishing you all a wonderful summer filled with joy, rest, and adventure. We can't wait to see you again soon!

**Warmest regards,
Neha Agrawal

ENRICHING MINDS PRESCHOOL: Preparing Young Minds to be Confident & Socially Responsible Individuals

Research shows that 90 percent of brain development happens by age five, making early education one of the most critical phases in a child's life. However, this transition can be challenging, as young children often experience separation anxiety and unfamiliar routines. A nurturing preschool can help ease this shift by providing emotional support and working closely with parents to help children feel safe and secure. Once they build trust, their natural curiosity takes over, making learning an enjoyable experience. Whether grasping math through puzzles, developing language skills with visual cues, or fostering creativity through exploration, a well-designed preschool environment builds confidence, independence, and a lifelong love for learning.

Enriching Minds Preschool was founded to provide a dynamic and holistic learning environment for young children. Launched in 2020 as an online platform during the pandemic, Enriching Minds quickly grew through word of mouth to reach students across India and beyond. In March 2023, it transitioned into a physical school that emphasizes experiential learning, environmental awareness, and global citizenship as it creates a collaborative space for children, parents, and educators to work together.

"We believe in nurturing not just young minds but also responsible, caring, and independent individuals. Through

Holistic Offerings

The preschool offers a fun and engaging early childhood education program that helps young learners grow in language, math, thinking skills, physical abilities, and emotions. Children learn through hands-on activities, creative play, and real-world experiences that make learning exciting with structured classes from Playgroup (1.5-2.5 years) to PPS/UKG (3-6 years). It also has a daycare unit that supports self-care, independence, and essential life skills.

The preschool offers a well-rounded curriculum that helps children grow in six key areas including language and literacy, math, creative, physical development, social-emotional learning, and cognitive skills. From an early age, students build confidence in speaking, reading, and writing through storytelling, picture reading, and public speaking activities. The unique EMPN's Parliament encourages children to debate real-world topics, sharpening their thinking and communication skills. Math is made fun with

games and hands-on activities, while creativity is nurtured by allowing children to explore and create freely using different materials.

Physical development is supported through yoga, aerobics, dance, and structured play, improving both fine and gross motor skills. Emotional growth is strengthened with monthly themes like kindness and empathy, taught through stories, role-plays, and interactive discussions. Cognitive skills are developed through experiments and inquiry-based learning, sparking curiosity and problem-solving abilities. To enhance the learning experience, the preschool offers EMPN's Activity Lab with 150+ hands-on materials, a dedicated play area, dance, and Zumba sessions, a parent-child educational app for seamless communication in today's digital world, and an assembly space for celebrations.

Nurturing Physical & Emotional Development

At Enriching Minds Preschool, equal importance is given to physical and emotional development alongside academic growth. The daily schedule includes free play sessions, structured physical education, and yoga-based storytelling, all designed to enhance motor skills, flexibility, balance, and overall well-being. Fun breathing exercises and meditation help children develop focus, relaxation, and body awareness while fostering a love for an active lifestyle.

"To support emotional well-being, the preschool emphasizes self-reliance, interpersonal skills, and social connections through Parent Connect initiatives and special events such as Annual Day, Family Day, and Festival Celebrations. The preschool wants to ensure that children grow into resilient, socially aware, and emotionally strong individuals by integrating thoughtfully planned field trips and monthly 'Value of the Month' themes. These initiatives instill moral values and essential life skills, and expose children to real-world learning experiences to help navigate life's challenges," adds Neha Agrawal, Co-Founder & Director, Enriching Minds Preschool.

Empowering Educators

Enriching Minds Preschool believes that a strong, motivated team of educators is key to creating a positive learning environment. Therefore, it provides regular training workshops to help teachers upgrade their skills and implement innovative teaching methods to support

continuous professional development. The preschool also prioritizes their emotional and professional well-being, ensuring they remain inspired and engaged. Support staff receive training as well, to align them with the school's vision.

"Our teachers design interactive lesson plans and create DIY teaching aids to make learning fun and accessible. They enrich the classrooms with music, movement, dramatic play, games, and higher-order thinking activities to create a nurturing and stimulating environment where children can develop a lifelong love for learning," informs Silky.

Enriching Minds Preschool empowers young learners to explore, grow, and become future custodians of the world

Future Roadmap

"Enriching Minds Preschool aims to establish more branches and collaborate with like-minded educators who share its vision of providing quality early education. Beyond expansion, Enriching Minds aims to integrate innovative teaching methods, technology-driven learning, and an evolving curriculum that adapts to the needs of 21st-century learners. Enriching Minds strives to foster an environment where children develop confidence, resilience, and social responsibility while enjoying the process of learning," states Neha.

"We want our school to be a place where children feel happy, safe, and excited to learn every day. We want to help young minds grow with curiosity and confidence by embracing the best in early childhood education," concludes Silky.

Bridge Course - 2026

**EVERY EXPERT WAS ONCE A BEGINNER
EMBRACE THE JOURNEY!**

The Academic Year 2026-27 began with the Bridge Course for our preschoolers from 24th March to 10th April 2026. Several thoughtfully designed hands-on activities were conducted to boost children's cognitive skills, vocabulary, and social interaction.

The daily routine included two hours of engaging, child-centric sessions, beginning with individual tasks and gradually progressing to group participation. Playful methods such as songs, rhymes, and coordinated movements were incorporated to make learning joyful and interactive.

These activities emphasized emotional development while introducing foundational academic concepts, building children's confidence and readiness for preschool learning. The program nurtured curiosity, creativity, and a love for discovery, ensuring their continuous and holistic growth.

4th Summer Camp – 2026

At Enriching Minds Preschool, we proudly celebrated our **4th Summer Camp** with four exciting themes – **Mini Space Explorers, Mini Globe Trotters, Mini Brain Boosters, Mini Brain Booster, NCC Urbania – Community Summer Camp.** Each theme was carefully designed to spark curiosity, creativity, and learning through fun-filled, hands-on activities.

☀️ Mini Master Builders ((24th March to 10th April 2026)

Our Mini Master Builders Summer Camp transformed our little EMPians into young architects, engineers, and builders! Designed for children aged 3–6 years, the camp introduced them to the exciting world of construction and buildings through engaging, hands-on experiences.

Children explored different types of buildings, construction vehicles, tools, and building materials while participating in creative art and craft projects, interactive construction-themed games, imaginative building challenges, and energetic dance sessions. Every activity encouraged teamwork, problem-solving, creativity, and fine motor development in a fun and meaningful way.

The camp was filled with curiosity, laughter, and learning as our little builders designed, created, and discovered the joy of building together. It was truly a memorable summer of imagination, exploration, and endless fun!

☀️ Mini Space Explorer (13th April to 28th April 2026)

Our Mini Space Explorers Summer Camp took our little EMPians on an exciting journey beyond the stars! the camp sparked curiosity about the wonders of space through engaging, hands-on learning experiences.

Children explored the fascinating world of planets, stars, the Moon, the Sun, rockets, astronauts, and the solar system through creative art and craft activities, exciting space-themed games, imaginative role play, interactive learning, and energetic dance sessions. Each activity encouraged curiosity, creativity, problem-solving, and teamwork while making learning fun and meaningful.

☀️ Mini Globe Trotters (29th April - 12th May 2026)

Our Mini Space Explorers Summer Camp took our little EMPians on an exciting journey beyond the stars! Designed for children aged 3–6 years, the camp sparked curiosity about the wonders of space through engaging, hands-on learning experiences.

Children explored the fascinating world of planets, stars, the Moon, the Sun, rockets, astronauts, and the solar system through creative art and craft activities, exciting space-themed games, imaginative role play, interactive learning, and energetic dance sessions.

☀️ **Mini Brain Booster (13th May - 23rd May 2026)**

Our Mini Brain Boosters Summer Camp was designed to stimulate young minds through fun, interactive, and engaging learning experiences for children aged 3-6 years. The camp focused on developing critical thinking, creativity, memory, and problem-solving skills in an enjoyable environment.

Our little EMPians enthusiastically participated in brain games, puzzles, memory challenges, STEM-based activities, art and craft, creative thinking tasks, movement games, and dance sessions. Every activity encouraged children to explore, question, collaborate, and build confidence while strengthening their cognitive and social skills.

With every challenge completed and every new idea discovered, our young learners had an enriching and memorable experience, proving that learning becomes even more exciting when it is filled with fun, curiosity, and creativity.

🏠 **NCC Urbania – Community Summer Camp (1st to 23rd May 2026)**

Bringing the summer spirit closer to home!

Specially designed for the young residents of NCC Urbania Gated Community, this camp blends learning and leisure right in the heart of the neighborhood. Kids will enjoy a mix of art, sports, science experiments, dance, and team-building activities, making every day a new adventure. The program encourages bonding among community children and creates memories right at their doorstep.

Summer Camp – 2026

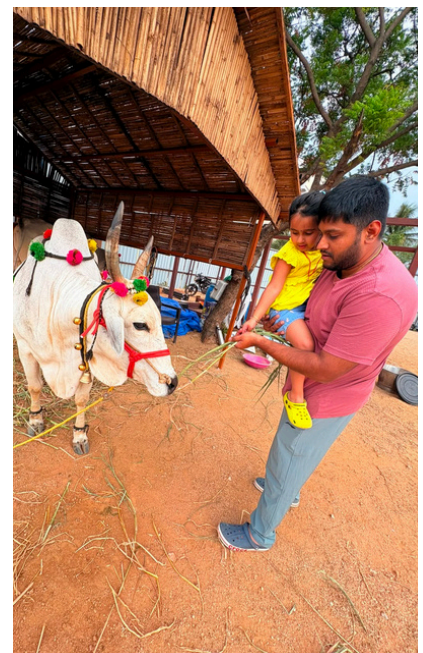

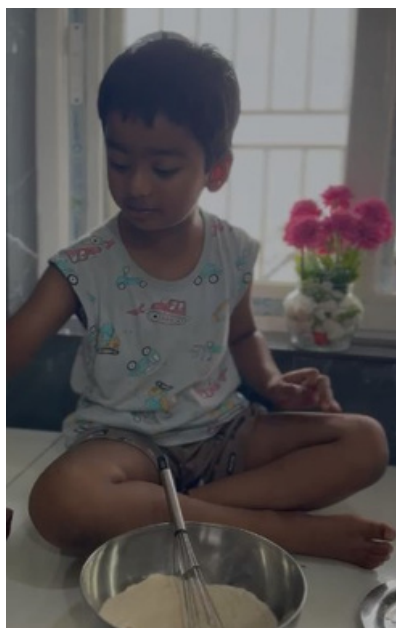

"Little hands, big adventures, and endless summer memories!"

Summer Enriching Activities for Our Little EMPians

The summer break became a wonderful journey of learning, creativity, and joyful exploration for our Little EMPians! We were delighted to see our children enthusiastically participating in the Summer Enriching Activities and sharing their beautiful pictures and experiences with us.

From creative art and craft, sensory play, storytelling, water play, and nature exploration to simple life skills and family bonding activities, each activity encouraged our young learners to discover, imagine, and grow while having fun at home.

It was heartwarming to witness the excitement, confidence, and smiles of our Little EMPians as they embraced every activity with enthusiasm. A heartfelt thank you to all our parents for their constant support and for making learning a joyful experience beyond the classroom.

Parent Connect Program – Play Fit Hours Event

The Morning Play Fit Hours Activity was conducted on May 30, 2026. It was a joyful and energetic event that brought parents and children together for a memorable morning of fitness, fun, and bonding. The session was filled with exciting activities designed to encourage movement, teamwork, and laughter, creating an atmosphere of enthusiasm and togetherness.

The event beautifully reinforced the message that staying fit becomes easier and more enjoyable when parents actively participate alongside their children. As families engaged in a variety of playful fitness activities, they experienced the importance of leading an active lifestyle while creating cherished memories together.

The smiles, cheers, and wholehearted participation from both parents and children made the event a grand success. It was heartwarming to witness families encouraging one another, celebrating every achievement, and embracing the spirit of health and wellness. We extend our heartfelt gratitude to all the parents and children for their enthusiastic participation and for making the event such a remarkable success. Together, we continue to nurture healthy habits, joyful learning, and stronger family bonds—one playful step at a time.

Teacher's Training Sessions

At Enriching Minds, teacher training is a continuous process that reflects our commitment to professional excellence. We believe that continuous professional development empowers our educators to create meaningful learning experiences for every child. Regular training sessions are conducted on various aspects of teaching, including classroom management, curriculum implementation, innovative teaching strategies, child development, and effective communication. These ongoing learning opportunities ensure that our teachers remain updated with best practices, enabling them to nurture every child's growth with confidence, care, and excellence.

A Heartwarming Start to a New Academic Year

The new academic year at Enriching Minds began with hearts full of excitement, classrooms buzzing with laughter, bright smiles, and a few tiny tears—a beautiful reminder that every new beginning comes with a mix of emotions.

Our youngest learners in Playgroup took their first step into school alongside their parents, making the transition gentle, reassuring, and filled with love. Together, they explored the classroom, participated in engaging activities, and created precious first-day memories.

Our Nursery, PP1, and PP2 children walked into school with confidence and cheerful enthusiasm. While a few little ones needed some extra cuddles and encouragement to settle in, they soon became engrossed in fun-filled classroom activities, joyful interactions, and exciting learning experiences.

From warm welcomes and cheerful greetings to interactive games, creative activities, and new friendships, every moment reflected the spirit of Enriching Minds—a place where children feel safe, happy, and inspired to learn.

The first day was not just the beginning of another academic year; it was the start of a beautiful journey filled with curiosity, confidence, growth, and countless memorable moments. We eagerly look forward to an exciting year of learning, laughter, and lifelong memories with our little learners and their families.

International Yoga Day and Father's Day Celebration

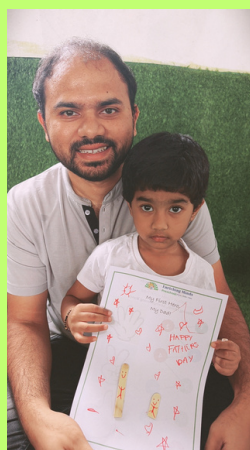

On 20th June 2026, Enriching Minds Preschool joyfully celebrated Father's Day and International Yoga Day with a heartwarming event that beautifully blended love, bonding, and wellness. The celebration brought together fathers and their little ones for a morning filled with laughter, engaging activities, mindful yoga, and unforgettable moments.

The event highlighted the special bond between fathers and children through interactive games and activities that encouraged teamwork, communication, and togetherness. Families also experienced the calming and energizing benefits of yoga, promoting the importance of physical and mental well-being.

Children whose fathers were unable to attend the celebration also expressed their love in a special way. Our little EMPians enthusiastically created beautiful Father's Day cards in their classrooms, pouring their creativity and affection into handmade keepsakes for their dads.

We extend our heartfelt gratitude to all the wonderful fathers who took time out of their busy schedules to participate and make the celebration truly special. A special note of thanks to Ms. VSL Padmaja for conducting the rejuvenating yoga session and inspiring our families to embrace a healthy and balanced lifestyle.

Together, we stretched, smiled, connected, and created beautiful memories that will be cherished for years to come. The celebration was a wonderful reminder that wellness and togetherness go hand in hand, making every moment with our loved ones even more meaningful.

Red Colour Day Celebration

Our Kindergarten students celebrated Red Colour Day with great enthusiasm and excitement. Dressed in vibrant shades of red, the children filled the school with energy, joy, and smiles.

The day was planned with a variety of engaging activities that helped the children identify and understand the significance of the colour red. Through art and craft, colour-sorting activities, storytelling, music, and interactive games, our little learners explored the world around them while strengthening their observation, language, and cognitive skills.

The classrooms were beautifully decorated with red-themed displays, creating a cheerful learning environment. The celebration not only reinforced colour recognition but also encouraged creativity, participation, and confidence among the children.

Red Colour Day was a delightful learning experience, making education fun, interactive, and memorable for our little EMPians.

Learning ideas that parents can easily do at home with their preschoolers to support holistic development

1. Read Together Every Day

Spend 10–15 minutes reading a storybook. Ask simple questions about the pictures and characters to build language and thinking skills.

2. Count in Daily Life

Count fruits, toys, steps, or spoons while doing everyday activities to develop early math skills.

3. Encourage Independence

Let your child wear their shoes, pack their bag, or put away toys. Small responsibilities build confidence and self-help skills.

4. Talk, Talk, Talk!

Have conversations during meals, walks, or bedtime. Ask open-ended questions like, "What made you happy today?"

5. Play with Colours and Shapes

Ask your child to find objects of a particular colour or shape around the house.

6. Sing Rhymes and Songs

Music helps improve memory, vocabulary, listening skills, and rhythm.

7. Draw and Create

Provide crayons, paper, and safe craft materials. Encourage free coloring/drawing and simple art activities to boost creativity.

8. Help in Simple Household Tasks

Involve children in watering plants, folding napkins, arranging vegetables, or wiping a table to develop responsibility and fine motor skills.

9. Explore Nature

Take a short walk and observe birds, flowers, leaves, insects, and clouds. Encourage your child to talk about what they see.

10. Practice Gratitude and Kindness

Encourage your child to say 'please', 'thank you' and 'sorry' and appreciate acts of kindness every day.
